

IDEAS

- Developed for instrumentation work at SNS
 - Was used for roughly half the instruments, the other half was mostly McStas and a little VITESS
 - Was always a side-activity of the authors
 - Website currently gone?
 - Developed by H Lee (was ORNL now ANSTO) & X-L Wang, ORNL
 - Windows only (32 bit?)
 - Unkown license
-
- My 0.02\$: Dead / sleeping project?
