IDEAS

- Developed for instrumentation work at SNS
- Was used for roughly half the instruments, the other half was mostly McStas and a little VITESS
- Was always a side-activity of the authors
- Website currently gone?
- Developed by H Lee (was ORNL now ANSTO) & X-L Wang, ORNL
- Windows only (32 bit?)
- Unkown license

- My 0.02$: Dead / sleeping project?
